# PRESIDENT'S MESSAGE

It's an honour to preside over the Institute of Internal Auditors (IIA) Toronto Chapter on the eve of its 80th anniversary. Incorporated in 1944, Toronto is the eighth IIA Chapter to be formed and is currently the second largest in the world. I am pleased to have been entrusted with this position and to have the opportunity to serve alongside talented and dedicated professionals in our field.

As we embark on this new beginning, I am deeply committed to advancing our profession, enhancing our learning and development offerings to better meet member needs, and fostering a collaborative and supportive environment for the Chapter and its members.

The Chapter is focused on initiatives and activities that will propel the achievement of our strategic objectives and goals. We are always open to new ideas and suggestions from our members, as we recognize the value of your contributions.

I hope to meet you at one of our Chapter events, as we return to in person and continue to offer hybrid events, for those near and far. I look forward to an exciting and rewarding year together.

Kind Regards,  
Sharon Mohip

# NEW TO CERTIFICATION?

---

## Why Become Certified?

There are many reasons to earn an official IIA certification designation. Whether it's the hallmark designation of internal audit – the Certified Internal Auditor® (CIA®) designation – or one of IIA's specialty industry certifications, obtaining a certification is professionalism defined.

Earning your certification is the key to the vast world of opportunities the profession of internal auditing offers placed in the palm of your hand. It can open doors you did not even know existed, as the three or four letters that now follow your name will make one powerful statement about the expertise you bring to the table. Ultimately, becoming certified will:

- Help you earn credibility and respect in your field.
- Open more opportunities for advancement.
- Increase your earning potential by as much as 51%.\*
- Prove your willingness to invest in your own development.
- Demonstrate your commitment to your profession.
- Improve your internal audit skills and knowledge.
- Build confidence in your knowledge of the profession.

*\*According to The IIA's 2017 Internal Audit Compensation Study (based on U.S. responses).*

The Internal Audit Practitioner designation is a great way to demonstrate internal audit aptitude.

As The IIA's premier designation for more than 40 years, the CIA sets the standard for excellence within the profession.

The Internal Audit Practitioner designation is a great way to demonstrate internal audit aptitude.
