

2024-2025 IMPACT REPORT

June 2024 - May 2025

Northern California East Bay

President's Message

As we reflect on the past chapter year, I am filled with a profound sense of gratitude. This year was marked by connection, collaboration, and the need to adapt—three themes that have defined our journey and propelled us forward.

One of the highlights of the year was the continued momentum of increased partnership with our fellow West District 2 chapters. These collaborations have not only strengthened our network but have also enriched our professional development and community engagement. The joint event featuring IIA President Anthony Pugliese was a standout moment, bringing together a diverse and enthusiastic audience. His insights and leadership have inspired us to think more broadly about the role of internal auditors in today's rapidly evolving business landscape.

None of what we have accomplished this year would have been possible without the tireless work of our officers. Their dedication has been the driving force behind our success. I extend my heartfelt thanks to each and every one of them for their commitment to our chapter and to the profession.

Equally important has been the unwavering support of our membership. Your active participation, feedback, and enthusiasm have been the foundation of our growth and the catalyst for our achievements.

As we look to the future, let us carry forward the spirit of connection, collaboration, and adaptability that has defined this past year. I am confident that with our collective efforts, we will continue to make a significant impact in the field of internal auditing and beyond.

Thank you for your continued support and dedication.
