

<h3>President's Message</h3> <p>Happy Spring IIA St. Louis Chapter,</p> <p>This chapter year has come to an end and it's time for me to pass the torch over to Krista Rowe. It has been an honor serving as the President this past year. I enjoyed meeting so many of you across St. Louis and throughout the IIA community at our unique programs offered this year including at Multi-Track held in March.</p> <p>I was so excited to have this event back in-person and can't wait to enjoy more in-person trainings and networking opportunities in the months ahead.</p>	<p>Personally, I have also gained a better understanding of the Internal Audit profession by passing the Certified Internal Auditor (CIA) exam this year. Our chapter boasts over 150 CIA's – including 10 new CIA's this year. If you are interested in learning more about the CIA certification process, please feel free to reach out to me.</p> <p>As we look ahead to next year, we are always looking for volunteers to help support our various chapter initiatives. Please email me, another chapter officer, or Chapter15@theiia.org if you are interested.</p> <p>All the Best, Jessi Sievers, President 2022-2023</p>	<h3>What Else is Inside?</h3> <table border="1"> <tr> <td>President's Message</td> <td>1</td> </tr> <tr> <td>Programs Calendar</td> <td>2</td> </tr> <tr> <td>CIA Learning Discount</td> <td>3</td> </tr> <tr> <td>National IIA Events</td> <td>4</td> </tr> <tr> <td>IPPF Updates</td> <td>4</td> </tr> <tr> <td>Chapter Contacts</td> <td>5</td> </tr> </table>	President's Message	1	Programs Calendar	2	CIA Learning Discount	3	National IIA Events	4	IPPF Updates	4	Chapter Contacts	5

Risk Assessment at the Enterprise Level

Learn Strategies for performing risk assessment at the enterprise level. Enterprise risk assessment helps management understand which risks are important and how they connect with the strategic plan, organizational mission, or specific operation.

Learning Objectives

- Learn How to conduct an Enterprise Risk Assessment in accordance with the COSO Framework
- Discuss transforming the results into a dynamic audit plan that ties right into your Corporate Strategy.
- Learn how we went from identifying \$1 million in cost savings to \$100 Million in cost savings annually in less than 3 years.

June 22, 2023, from 9am-1pm

Risk Assessment at the Audit Level

Audit risk assessment can be our best friend, particularly if we desire efficiency, effectiveness, and profit—and who doesn’t? We will discuss risk assessment and the techniques when properly performed that tells us what to do on specific engagements.

Learning Objectives:

- Discuss risk assessment and the techniques when properly performed that tells us where to focus on specific engagements.
- Review techniques to know your company’s business better and you will produce high impact results.
- Learn how to identify cost savings in audits based on an evaluation of controls from an efficiency and effectiveness perspective.

IPPF Updates

Big changes are underway to improve The IIA's International Professional Practices Framework (IPPF) including the International Standards for the Professional Practice of Internal Auditing. The proposed Global Audit Standards are available for review and public comment until May 30. After analyzing the responses and making necessary revisions, the Standards Board expects to release the new IPPF framework before the end of 2023. Please refer to this link for more information about the upcoming changes:
