Description:

If an organization never experiences conflict, something is wrong. Conflict is inevitable, but it doesn't have to be counterproductive, and it should never be destructive. This program will examine the origins of interpersonal conflict, help you identify your conflict response and resolution styles, and introduce techniques to help you manage conflict more effectively. Want to move from opposition to agreement? This program will show you how!

Speaker Bio:

Don began his professional career in New York City as a loss prevention manager for upscale Fifth Avenue retailer B. Altman & Co. He was later hired to manage loss prevention and fraud investigations for Disney Theme Parks, where he was ranked among the top 2% of employees and awarded a 'Partners in Excellence' lifetime achievement award.

The Programming Committee is actively planning our events for the 2022-2023 year. Please reach out to [Bambi Gifford](#) or the [Chattanooga Chapter](#) with your **great ideas** for content or speakers.
